Democratic Interference With Republican Primaries Planned.

A MOVEMENT IN THE SIXTEENTH WHICH IS STIRRING UP TROUBLE.

Robbs Will Have No Serious Opposition—Meeting of Warring Republican Faculties of the Fifteenth Ward—Local Politics.

In at least one ward, the Republican primary election campaign is being waged with unusual interest and spirit in municipal election. The ward referred to is the Sixteenth, always Republican, but for years back the scenes of some of the bitterest contests in the city. Left to the ordinary processes of ward politics, it is good for 400 to 600 Republican majorities, but in the face of the resistance of E. A. Noonan, Tom Wand, John B. O'Meara, Hugh Brady, Wm. P. Macklin and a score of other ceaselessly vigilant Democrats, the Republicans have been satisfied to win by a scratch, year after year. Of late, however, Democratic interest in the control of the ward has waned, and the Republican majority has crept up again to what the leaders of that party claim it should be. In this preliminary campaign, however, the Republicans are split, and that into two factions, a majority who are evidently inclined to support the suggestion of "friends" always has a creditable record, and particularly with reference to the Sixteenth, where neighborly assistance has often and again gone over the party line into the enemy's camp. Such is to be the case next Monday, for a committee of Democrats has been formed with the avowed purpose of electing what, in their experienced judgment, is the more worthy of the two factions of the enemy. Such a contingency was indicated in the bland admission of Mr. Hugh Brady, yesterday, and a little while after that intimation

Secretary Lester M. Hall of the Republican State Committee is in receipt of a number of letters from members of the committee expressing a preference for Hon. Wm. Warner for temporary chairman of the convention. "I believe that a considerable number of the members of the committee look upon Mr. Warner as the strongest Republican in the state; and I do not see what possible objection there can be on the part of any one to his being chosen," said Mr. Hall. "Still it is possible that Mr. Filley may control the convention, in which case I have no information as to who would be his preference."

Harmony.

over success is achieved. Then the committee chosen this year will have the care of the state convention next Sunday, when the delegates will elect the delegates to the National Convention. So the control of the committee at this time is of great importance, and it is evident that there will be many contests to decide, perhaps none except one or two from St. Louis, as to whether tariff issues will be raised and carried over the entire country.

"Do you expect to elect your whole State ticket?" asked the speaker.

"Of course, that would be expecting a great deal, but I am confident that we will make large gains in the Legislature, and perhaps secure a majority in the lower branch."

Mr. C. Thorntorn of this city has received from Chairman A. Roselli of the Populist State Committee, an acknowledgment of Mr. Thornton's acceptance of membership in the Populist Committee for the Congressional district. Mr. Thornton had for several years represented the Twentieth District in the committee, but at the Kansas City convention he declined to be put in nomination. However, he was elected to succeed him, but on his failure to assume the responsibilities of the position Mr. Thornton consented to serve as a delegate to the convention. The principal speakers will be ex-United States Senator J. G. Schenck, of the Union M. E. Church next Sunday morning, Rev. R. A. Crouse, Dr. Cool's predecessor as pastor of the First Church at Webster, and Dr. C. H. Jennings, President of Jennings Seminary, Aurora, Ill.

Golden Jubilee of Iowa Methodism—Plans Adopted for a New Evangelical Lutheran Church—Religious Notes.

To-morrow will be the most solemn and mournful festival in the Hebrew calendar. It is called the Sabbath "Hazon," which name is derived from the first word of the prophetic lesson of the day, the first chapter of Isaiah. The anniversary of the destruction of the Temple of Jerusalem and of the dissolution of the Jewish body politic will be duly observed in all the orthodox synagogues to-morrow evening and Sunday morning. There will also be short services in the B'nai-El and United Hebrew Temples to-morrow evening at 7:30. In the orthodox synagogues to-morrow evening and Sunday morning.

The faithful will sit upon the floor of the Oriental sign of mourning. While in this attitude they will chant Hebrew litanies and recitations of psalms and various liturgical prayers. According to the Hebrew calendar to-morrow is the ninth day of Ab, the month of destruction, and the day of catastrophes that it brought to Israel. On that day the temple was twice destroyed and the Jewish nation dispersed throughout the world. Ferdinand and Isabella signed the decree for the expulsion of the Hebrews from Spain.

These Will Occupy the Pulpits.

In the absence of the pastors of the city churches, during the summer, their pulpits are supplied by visiting ministers and local preachers who have remained at home. Following are a few of the appointments for next Sunday.

Rev. W. F. Montevista, Colo., will preach at the First Presbyterian Church for the next three Sundays.

Rev. W. F. V. Lippé will preach at Cote Brûlée Church next Sunday.

Rev. Everett Gill of Louisville, Ky., will preach at Delmar Avenue Baptist Church next Sunday.

Rev. W. F. Lippé will preach at Madison Baptist Church next Sunday morning.

Rev. Sigmund Hirschoway, the former rabbi of the German congregation, will speak at First German and Fourth Baptist Churches next Sunday.

Rev. J. M. Phillips will preach at Taylor Avenue Baptist Church next Sunday.

Rev. Dr. W. B. Chapman will preach at the Lafayette Park M. E. Church next Sunday in the absence of the pastor, Rev. Dr. Chapman.

STREET HAWKERS.

War Against Them in East St. Louis—Locomotive Whirlwinds—Notes.

Peddlars and vendors who have produced fruit about the streets of East St. Louis, are wont to cry their wares in such stentorian tones that the unintelligible sentences they utter may be heard for blocks around, and the business has become a nuisance. There are hundreds of people in the city who work nights and try to sleep in the day time, and such a noise is frequently disturbed by the loud voices of street vendors. The police have decided to stop the nuisance and, if necessary, will prosecute. On Saturday morning, the police chief said that he had determined to put a stop to the yelling of the peddlars and would prosecute them for disturbing the peace unless they took a walk in the park.

Chief of Police Walsh has mailed to all the railroad agents of the city circular letters, advising them of the sounding of steam whistles and notifying them that the ordinance will be strictly enforced. The ordinance provides that "no railroad locomotive or other person shall sound the whistle of any locomotive or engine within the city of St. Louis, except when necessary, or when absolutely necessary, to avoid collision."

Magistrate George W. Howler received a telegram to-day from his wife, who is at Pueblo, Colo., informing him of the death of her brother-in-law, Charles Walker, bridge engineer for the Denver & Rio Grande Railroad. Mr. Walker died last night at Pueblo.

The popular man has nominated S. B. Fields for clerk of the court. Eugene Wright is a candidate for the same office who was recently endorsed by the A. H. C. claimed the election.

According to the Hebrew calendar to-morrow is the ninth day of Ab, the month of destruction, and the day of catastrophes that it brought to Israel. On that day the temple was twice destroyed and the Jewish nation dispersed throughout the world. Ferdinand and Isabella signed the decree for the expulsion of the Hebrews from Spain.

Rev. Bernard Buerger Arrested for Trying to Secure Money From Him.

Bernard Buerger, a young German, who claims to have come here from New York, was arrested in Convent for trying to impose upon Fr. Schneider of St. Boniface Church, on Michigan avenue and Shimer Street.

Buerger had been arrested in the Fourth District for the same offense, only a charge of larceny was preferred, but he was given a heavy fine which was stayed on condition he left town and stayed away. He did not leave, but instead had an appointment with Fr. Schneider. He yesterday presented a letter to Fr. Schneider, which bore the letter-head of the Convention of the Franco-American Knights of Columbus, St. Louis, and purposed to be signed by Fr. Theodore Arndt. The letter was written in German and stated that the bearer was about to enter the United States to study law at Cleveland, where he intended to resume his studies. Fr. Schneider told him to come back to the church and wait for the police, he suspected all was not right because of the young man coming to him instead of to one of the two who were American orders here. The young fellow came to him to-day and was promptly arrested. He said he had no money and had been told by another man to go and present the letter. He did not even know the contents of the letter when he complied with the request. He is not here now, however, and he will either be tried on his last offense or sent down on the fine standing against him in Judge Paxton's court.

ASKS \$10,000 DAMAGES.

WITH A MUSICALE.

Merton Moss Sues the Hagan Opera Company for His Arrest.

Merton Moss, by his next friend, Leopold Koch, had sued for \$10,000 damages against the Hagan Opera Company. In the suit he states that while in the employ of the Hagan company he was arrested on charge of larceny and was compelled to give up the sum of \$500. This was Dec. 30, 1888. His case, he says, was called for trial on July 12 last, when he was dismissed, the case having been nolle prossed and the charges withdrawn. On account of his having been called on to stand trial he claims he was damaged in the sum of \$10,000, for which he prays judgment.

A Grand Army Veteran Loses All the Money in His Possession.

J. L. Herrick, aged 60 years, a Grand Army veteran, on his way from Clay Center, Kan., to the Soldiers' Home at Old Point Comfort, Va., is stranded at the Union Depot having lost \$20, all the money he had, at Kansas City after buying his ticket to St. Louis. He is now without money to proceed on his journey. He says that he is a member of Custer Post, No. 7, of the Grand Army at Elkhorn, Calif., and Express.

CORN is dearer than wheat, but that isn't saying much for corn.

HAD Li Hung Chang been in St. Louis this morning he would have taken off his yellow jacket himself.

THE cost of cabling denials is likely to amount to enough to support several Chinese and Japanese regiments.

THE Kolbits seem determined to assume the foolish attitude of a man who doesn't know when he is licked.

THE Sugar Trust is willing that great concessions should be made on the tariff bill—if it gets the benefit of all of them.

It is hard to tell as yet whether the railroad stamp or the typewriter will come out ahead in the Republican State Convention.

IF a 16 to 1 ratio plank should appear in the Missouri Republican platform, a little something should be said, too, in favor of Don Cameron.

EVERY honest Democrat bewails the Democratic continuation of the Republican Sugar Trust. When he voted in '92 he voted against all trusts.

EX-GOV. FRANCIS declares that the railroad attorneys had nothing to do with the Priest appointment. Since the ex-Governor knows all about it why not tell who did it?

BIRDIE ALLENDELLA may sing "Down in the Valley" now, but if tariff reform is defeated by the Senate she will have a new song, and the title of it will be "Down in the Mouth."

WHEN the Postal Telegraph Co. removes its poles the city authorities should see to it that others are not put in their places. "Once down always down," is the right rule as to unrightly poles.

IS Don Cameron goes into the convention as the "great son of a great father," he may down the great grandson of a great grandfather, but he may not so easily dispose of McKinley and Reed.

SENATOR VEST says the trouble with the White House conference "is simply h—l." It must be for a Senator who is trying to keep his pose as a tariff reformer and his bargain with a gang of plunderers.

SEVEN members of the New Orleans City Council have been indicted on charges of corruption. New Orleans has a Citizens' Protective Association, and it is making slippery municipal statesmen very uncomfortable.

THE Queen of Cores would have nothing to gain by civilization. The King has to do her bidding and her relatives have all to be provided for. The married woman in the United States has no more power than this.

SENATOR GORMAN should bear a heavy load of responsibility for the tariff imbucie, but it is not fair to charge it all to him. The Senators who have permitted themselves to be Germanized deserve a share of it.

IN the recent fight for supremacy between the two bulls of Mr. Corbin's buffalo herd the bull Grover Cleveland was killed by the bull Adal Stevenson. The friends of Adal will be inclined to look upon the death of the Cleveland bull as signifying that the Vice-President will succeed the President, whether there is any fight or not.

THE largest mining vote in Ohio is in the Eleventh District, represented by that uncompromising high tarifer, Gen. Grosvenor, and as there is a movement

among the miners toward independent political action in the approaching elections, there is a possibility that he may be retired. Gen. Grosvenor would be greatly astonished, if not somewhat gloomed, at missing his own voice in the national councils.

GEN. ALGER is a rich man, but finding that he could not enter the contest for a nomination to the United States Senate without the expenditure of a quarter of a million of dollars, he decided not to be a candidate. It is unreasonable to expect much virtue from a body whose members must resort to almost unlimited bribery in order to secure their election. So long as Senators are elected by Legislatures it is likely that Birdie Allendale will sing in the Capitol.

A CLOSED INCIDENT.

The information that the Administration has given courteous recognition to the Dole oligarchy as the existing government of Hawaii offers opportunity to both Republicans and Democrats to bury their differences on this subject under the friendly cover of oblivion.

In attempting to revive the partisan discussion of the Hawaiian imbroglio, Representative Boutelle let his anti-Democratic zeal outrun his Republican discretion. All that he could say against the Cleveland blunder could be fully matched by his political opponents with reference to the king-to-kineto. The words of the poet no doubt frequently occur to him: "Lives of great men all remind us we may make our lives sublime." With his fits in the kineto scope it will be all the same to him as if he had his heels in the sands of time.

IT is said that the ladies, in a recent Long Island school election, "button-holed right and left." It would be interesting to know whether, while these ladies were "button-holing" at the polls, all their husbands' suspenders buttons were in place.

WHEN a motion that weighs 500 pounds can be raised in North Carolina, the wisdom of Bill Nye's investment in tar-heel lands, even where they are somewhat perpendicular, will no longer be disputed.

THE first lamp-post erected in Cincinnati is laying in the gutter. The memory of many a Cincinnati will nevertheless cling fondly to the fact that he himself did in the starry nights of long ago.

AFTER knocking around so much with the British royal family and Emperor William, George Gould would be very foolish to associate with any member of the little pale gray 400.

IT is comforting to read that of the hydrophobia cases treated in the Pasteurian manner only six were lost. Every family should have a little hydrophobia fund saved up.

Fighting Reservoirs.

To the Editor of the Post-Dispatch:

Minneapolis, St. Paul, Winona, La Crosse, Prairie du Chien, Dubuque, Clinton, Davenport, Rock Island, Burlington, Keokuk, Alexandria, Warsaw, Quincy, Hannibal, Louisiana, Alton and a score of other little towns in the Upper Mississippi; also Omaha, Leavenworth, St. Joseph, Kansas City, Jefferson City, Columbia, Davenport, Sioux City; all also the towns on the Illinois River and all the numerous villages and hamlets along the banks of the Mississippi; all have been pouring their sewage in volumes, more or less great, into these rivers which, uniting in one stream, flow at the foot of St. Louis, and thence into the Mississippi. Chicago, has seen fit to empty the vast volume of the meaphitic filth of its Stygian slums into the river. This is a fact.

This cannot be prevented, as when Chicago makes up its mind to do something with its 1,000,000 of inhabitants and its vast network of railroads does it. It is a political, financial, and social problem, however, to the problem, and accomplished, as far as I am concerned, by an expert salaried chemist with extensive and expensive apparatus to ascertain if our water supply pumped into our reservoirs is safe to drink.

No need of an expert salaried chemist with extensive and expensive apparatus to ascertain if our water supply pumped into our reservoirs is safe to drink.

The result will ultimately be an epidemic of typhus or cholera or cholera morbus which will arouse our Municipal Authorities, who are now in a state of apathy, to take steps to eliminate the disease.

The deal will be largely governed by the tariff settlement and is to be operated by a company of Eastern gentlemen. The capital stock will be \$500,000.

FROM THE NOTE BOOKS.

Interesting Incidental Sketches of the Daily Work of Newsgathering.

ONE ON THE BARKER.—In these days of unemployed labor, when so many good and willing workmen find it impossible to obtain employment, the city swarms with a horde of beggars, and it is very hard to distinguish the worthy from the unworthy.

There are two who are particularly notorious, one to send one worthy person to a friend's encounter with a pair of beggars a few days ago. The day had been oppressively hot. About 5 o'clock the two were seen entering a commission house on Third Street.

They told a plump tale of Kansas to their home in Illinois. They had surmounted all difficulties, but had been confronted with a barkeep for a position. The young man who had a few moments before been a few moments before.

The barkeeper, who had not yet got across the river without bridge fare, the commission man's clerk was a liberal fellow and the two entered the bar.

The barkeeper, who had not yet got across the river without bridge fare, the commission man's clerk was a liberal fellow and the two entered the bar.

THE RIVER'S DEAD.—The average man who noticed a "boater" in the river would probably get very much excited, hire a boat and go after it to get a policeman or some one else to help. It's human to take a lively interest in a dead man. But the riverman feel differently. They see so many of these poor unfortunate that not an emotion is aroused.

"I'm swimming the river to-day," said a pilot on the Anchor Line yesterday, "and I'll right smash over a boater and nearly cut him in two."

" Didn't you pick it up or land it?" asked his hearer.

" Oh, no," was the unconscious reply, "we put it in the water to float, though we don't usually run over them. It would be too much trouble to stop for them."

And so many a drowning boatsway from the river is downed and sleep in an unknown grave.

without regard to honesty, justice or public interests, they will demonstrate that their influence in legislation is not on the side of the public interest. Gov. IT was supposed that Mr. Talmage's tabernacle was destroyed by fire communicated by electricity. There seems to be no doubt that St. John's German Evangelical Church of Louisville has just narrowly escaped destruction by fire thus commanded. The pastor's daughter, going into the church to pray to the Virgin Mary, was surprised to see a shower of sparks near a chandelier. An investigation showed that the insulation had been burned off the wires in several places, and that some of the woodwork had been scorched.

PEAL ALIVE.

To the Editor of the Post-Dispatch:

I write to ask if you will please interest yourself in arousing the interest of the Health Commissioner in regard to the condition of the alleys of the city. There is no city street in the United States where there are so filthy a condition. Signs should not be thrown in wooden vessels. If the signs are not thrown in wooden vessels, they are thrown on the ground. The Health officer should inspect the closets in the yards and alleys and clean them out and disinfected. You would be surprised to enter some of them in the most abominable condition.

Mrs. St. Kermes, 8 Pandora Road, Shepherd's Bush, to Arthur Prins, Esq., Barrister at Law, Middle Temple, July 1, 1889.

DEAR MR. PRINS.—My dear child has acquainted me with your very flattering offer, and I am grieved to the heart that I cannot say to you, "Take her and be happy." Had I foreseen the danger of your valuable friendship for her, ripening into love should have told you to say what it becomes my melancholy duty to say to you now. Your career is an inseparable objection to the marriage. She can never become the wife of a baronet.

Of course I am aware that it is exceptional for an actress' mother to prefer her blessing on grounds like this—I know that it is my little Nellie's infatuation and not your own which more esteem esteemed an obstacle—but when you hear my explanation you will admit its force and exonerate me, I am sure, from any suspicion of coldness or indifference.

I am bound by a deathbed oath.

When I married my late husband, he, like yourself, was at the bar. I was an unscrupulously led girl at the time—in appearance much

THURBER AND LAMONT.

Out-of-Time Notions Which Are Burning in Their Bonnets.

WASHINGTON, D. C., Aug. 10.—There are some amusing things in Washington. The best of them is the fact that Thurber, the President's new Secretary, takes himself seriously as a public character. The second best is the fact that Lamont, the President's old secretary, is about to take himself seriously as a candidate for Governor of New York. Mr. Lamont is a man who looks so far ahead that he sometimes fails to see things very near to him. He is supposed to have decided that he will be in Cleveland in the middle of the month, and the events of the month would see the last of Lamont as a political character. Lamont has been writing to his friends in New York "powers." It is said by the riddle that Hill and such bad New Yorkers will be with the Republicans because Lamont, with an eye to that future, comes regularly to them to take their orders like a dog.

The officers admit that Capt. Keeble's ideas in not wishing to leave the beats unwatched is a praiseworthy one, but think some other method could be adopted to relieve them of the necessity of working so much overtime and at the same time afford them a chance to have a rest.

A POLICE PROBLEM.

A Hardship on Mounted Policemen Which Needs Adjustment.

Some of the officers in the new mounted police district say that a recent order of Capt. Keeble is working great hardship with them.

The mounted officers assigned to guard this territory are divided into three squads, each of which is detailed for duty eight hours at a time, square foot, from the new Forest Park Station, and its members leave there for their individual detail at a.m., 3 p.m., and 10 p.m. respectively.

For many years now it has been the practice for the men who had been out on duty to come in few minutes before the hour, when they had run a short distance from the station, and transmit whatever orders they have. When Capt. Keeble issued his order, the officers in the mounted district, the officers say he discovered that the system that had been in vogue for twenty-seven years had been dropped entirely, and ordered each mounted officer not to leave his beat until his relieving partner arrived.

It was a simple enough arrangement for any length of time. This was all right for the officers who rode beats near the station, but it makes quite big difficulties to those who ride the northern and southern ends of the ballhawk. For instance an office is riding the beat which includes the northern end of Forest Park.

Formerly if he had come out at 2 p.m. he would leave the grave-yard district early and get home at 10 p.m. Now he has to wait often until 11:30 o'clock for the relief to reach him and then as it takes him an hour to get back to the beat, the station himself, it is 1 a.m. before he is off.

"The worst thing about this scheme," said Capt. Keeble, "is that it costs us to walk home. The last cars leave at midnight and most of us live quite a distance from the station. It is a job to walk home at 10 o'clock in the morning after being in the saddle ten or eleven hours.

The officers admit that Capt. Keeble's idea is not wishing to leave the beats unwatched is a praiseworthy one, but think some other method could be adopted to relieve them of the necessity of working so much overtime and at the same time afford them a chance to have a rest.

TABLE SUPPLIES.

General Retail Prices of Meats, Fruits and Vegetables.

There is an abundant supply and a large variety of all kinds of vegetables, with the exception of tomatoes, at the Union Market. Dealers say, however, that should the present dry weather continue the crop of home-grown vegetables is liable to be cut short.

Men's and Young Men's Suits, choice of the things which we can and shall have made everything right in this country and when he will be able to order the dress suits of the white man who would order a clean stew.

A good many men who care nothing for the Mr. Lamont are restlessly anxious to see whether Mr. Lamont will come to take the Government's chair. Many of the oldest New York politicians whom judgment is not blind to the man's character believe that this would be the easiest nomination in the history of America for Lamont to get.

HORSEFLESH FOR DRIED BEEF.

The Peculiar Deception Practiced by a Sioux City Firm.

STOKE CITY, Ia., Aug. 10.—It has just been discovered here that a local firm has been slaughtering cheap ranch horses, the flesh of which is made into "dried beef." The product is all shipped to Jersey City. The proprietors say that they convert 1,100 horses daily into dried beef. They buy the horses for less money on the ranges than cattle can be had for.

Extra Attractions.

At Creve Coeur Lake Sunday, Aug. 12, Prof. J. R. Elliott, the famous acrobat, and one of his family will be admitted free from the clouds. Various other attractions will be offered at the Big Lake. Only 50 cents for the round trip via the MISSOURI PACIFIC RAILWAY, the only line direct to the grounds.

Closed Eyes and Bruised Faces.

CHICAGO, Aug. 10.—Closed eyes and bruised features were conspicuous last night at the docks at the foot of Van Buren street. The crews of two rival steamboats met in fierce battle, and both sides were much the worse for the encounter. The fight started when Mr. Conroy, one of the owners of the boat A. Dix and J. Gordon, went on board the Sailor Boy. It is said that there has been a general understanding between the owners of the Sailor Boy and Post Boy and the owners of the steamers trading together in the Van Buren street pool.

Chess Excursion to Denver.

California Wine Syndicate.

SAN FRANCISCO, Aug. 10.—The big wine syndicate which has been formed here to control the wine business of the State, will control 80 per cent of the grape product of California for the next five years. Its formation is due to the fact that the present price of grapes is \$1 a ton, while the syndicate agrees to pay no less than \$10 a ton. The capital stock of the company is \$10,000,000, of which \$1,000,000 have been subscribed.

A Monument to Hahnemann.

MILWAUKEE, Wis., Aug. 10.—Sig. Trentanove, the Italian sculptor, who is now in the city, has completed a design for a monument which is to be erected to Hahnemann in Washington, D. C., by the members of the country. The design will be taken to Washington next week and submitted to the committee.

Judge Talley Impeached.

MONROEVILLE, Ala., Aug. 10.—Judge J. B. Talley of the Ninth District Circuit Court has been impeached by the Supreme Court on the ground of being a party to an illegal act.

Mr. Talley was accused of preventing the delivery to Mrs. Rose of a telegram from his (Rose's) brother, warning him that four brothers of a man named John B. Talley were plotting to assassinate him. The young woman was the sister-in-law of John B. Talley. The opinion of the court was:

"And we are impelled to find that John B. Talley aided and abetted the murder of his wife, Mrs. Rose, and her son, John B. Talley, as alleged in the indictment, and the specification of the grand and petit counts of the indictment, and to adjudge that he is guilty as charged in that application, and guilty of aiding and abetting his wife in the commission of the offense, and that he be removed from office."

With this remedy persons can cure themselves without the least exposure, change of diet or change of habit. It is the only safe and reliable remedy for the cure of the last injury to the system.

MARRIED IN SECRET.

The Sensation That Is Stirring Up the 400 of St. Paul.

ST. PAUL, Minn., Aug. 10.—St. Anthony Hill has not been treated to such a sensation in years as was caused last night when it was admitted by the families of both parties that Alvarez J. Meyer, son of the proprietor of a saloon run in connection with a hotel, a boy of 21 years, had eloped with Miss Rachel Bernier, 18 years of age. They were married in a justice of the peace's office at St. Paul's, and the grandmother of the brideger was a milliner, the widow of the late George H. Bernier, the millionaire banker. The wedding occurred some time ago, but it was kept secret, and the young couple went to St. Paul's, where they were married. The young woman was the sister-in-law of John B. Talley. The opinion of the court was:

"And we are impelled to find that John B. Talley aided and abetted the murder of his wife, Mrs. Rose, and her son, John B. Talley, as alleged in the indictment, and the specification of the grand and petit counts of the indictment, and to adjudge that he is guilty as charged in that application, and guilty of aiding and abetting his wife in the commission of the offense, and that he be removed from office."
